

Ultra Pro 3 HDMI 2.1

Let you know more about your device

BUILT-IN LED DISPLAY

Ultra Pro 3rd Generation UHS Fiber Optic HDMI 2.1 Cable

Self-developed high-performance chip

Unique LED screen

YOFC BendRobust® optic fiber

Intelligent lighting

48Gbps large bandwidth

UHD 8K ultra-high definition display

One-piece housing

Ultra Pro 3

48Gbps · HDMI 2.1 Fiber Optic Cable

01

Self-developed high-performance chip

Efficient data processing to reduce BER

02

YOFC BendRobust® optic fiber

Tough and bend resistant for long life

03

Unique LED screen

Real-time monitoring of transmission rate

04

UHD 8K ultra-high definition display

Meet HDMI 2.1 standard specification

05

48Gbps large bandwidth

Efficient and stable data transmission

06

One-piece housing

Protects precision devices from dirt and moisture

07

Low-speed signal error correction upgraded again

Extensive adaptations for stronger compatibility

08

Intelligent lighting

Easy connection in dark spaces
